SCOTT KERN

Senior Consultant

✉ skern@foundationsoft.com

☎ 800.246.0800 x 224

As a consultant Scott is responsible for organizing and holding pre-implementation meetings with clients, assisting with the initial setup, training new users and providing advanced consulting services. His expertise in Microsoft® Excel®, database queries and report writing have made him a valuable asset to both new and experienced clients.

Scott started his career with Foundation in 2000 as a Client Service Representative and quickly transitioned to Field Trainer position. An extensive knowledge of the system and industry has provided a natural extension into the consulting arena, where he's helped hundreds of clients improve their financial management processes.

Education

B.S. in Communications (*Cum Laude*, specialty in AV Production), Ohio University

Speaking/Writing Experience

Scott's experience as an instructor is diverse, with engagements at industry conferences and within live classroom environments. A sampling of the classes he has taught include:

- Concepts in Executive Reporting
- Beginning Job Costing DataGenie
- Advanced Job Costing DataGenie
- Quantities, Units and Percent Complete
- Advanced Data Analysis with Microsoft Excel
- Effective Job Costing
- Microsoft Excel Form Design Using Microsoft Query
